DR. JOSE ANTONIO R. REYES, Ph.D.

Institute President

Eulogio "Amang" Rodriguez Institute of Science and Technology
Nagtahan, Sampaloc, Manila

Dear Dr. Reyes,

On behalf of the College of Computing Studies Student Government (CCS-CSG), we respectfully request your approval for our planned seminar entitled "TechTalk: Web Development and Career Readiness Seminar." The event is set on July 25, 2026, 8:00 AM to 5:00 PM at the EARIST Audio-Visual Room (AVR), 4th Floor, Main Building.

This seminar is designed to bridge the gap between academic learning and industry practice. An experienced Full-Stack Developer from TechBridge PH Inc. will serve as our resource person, sharing current insights on web development tools and career pathways in the technology sector. The activity targets approximately fifty (50) students from BS Computer Science and BS Information Technology programs.

The total proposed budget is PHP 6,500.00, sourced from the Student Government Fund (PHP 3,500.00), organizational funds (PHP 2,000.00), and alumni donations and sponsorships (PHP 1,000.00). All supporting documents -- including the Activity Proposal Form, Budgetary Allocation, Program Flow, and Speaker Profile -- are attached herewith.

We humbly seek your favorable approval to proceed with this activity in accordance with EARIST's mission of providing quality technological education.

Respectfully yours,

JOHN DOE

President, CCS-CSG

Endorsed by:

JOHN DOE

Adviser, CCS-CSG

Prof. ERNANIE M. CARLOS JR., MIT

College Dean, College of Computing Studies

MR. CARL JUSTINE B. DIOQUINO

ISG President
