LETTER OF ENDORSEMENT

SAS Ref. No.: SAS-END-2026-072

July 15, 2026

DR. JOSE ANTONIO R. REYES, Ph.D.

Institute President

Eulogio "Amang" Rodriguez Institute of Science and Technology

Nagtahan, Sampaloc, Manila

Dear Dr. Reyes,

Subject: Endorsement of the TechTalk: Web Development and Career Readiness Seminar

Greetings of peace and goodwill from the Office of Student Affairs and Services (SAS)!

Upon thorough review of the documents submitted by the College of Computing Studies Student Government (CCS-CSG), this Office respectfully ENDORSES for your approval their proposed activity entitled "TechTalk: Web Development and Career Readiness Seminar," scheduled on July 25, 2026, from 8:00 AM to 5:00 PM at the EARIST Audio-Visual Room (AVR), 4th Floor, Main Building.

The activity aims to equip approximately fifty (50) BS Computer Science and BS Information Technology students with practical knowledge on current web development trends and career readiness skills through the guidance of an industry practitioner. After evaluation, this Office finds the activity to be in order, educationally relevant, and consistent with the institutional mission of providing quality technological education and holistic student development.

The complete set of supporting documents -- including the Student Activity Proposal Form (EARIST-QSF-SAS-006), Budgetary Allocation and Venue Reservation, Program Flow, and Speaker Profile -- have been verified and found compliant with the requirements set forth by this Office.

In view of the foregoing, we respectfully recommend the approval of this activity. Your favorable action on this endorsement is highly appreciated.

Respectfully endorsed,

Ms. AGNES F. AMORIN
Director, Student Affairs and Services
